

# Sylglas™ Flashing Tape

Lead-like flashing, in tape form, for waterproofing roof to wall and other building joints.

1. SURFACE PREPARATION

2. TAPE POSITIONING & FIXING

3. CONTINUE TO COMPLETION

Roll Size: 150mm x 6m

## Product Information

Sylglas™ Flashing Tape offers a long-lasting weatherproof seal that bonds to all common roofing and building surfaces. Providing an attractive lead-like finish, the tape is interleaved for easy application and is also ideal for general weatherproofing applications around the home and garden.

## Benefits

- Resistant to water, water vapour and gases
- Conformable over a wide temperature range
- Adherent to metal, concrete, brick, slate, tile, painted wood, glass and rigid plastics

## Suitable for

- Sealing and repairing damaged and worn flashings
- Valley gutter repairs, gutters and downpipes
- Extension flashing, porches and chimneys

## Purchasing

Sylglas™ products are distributed exclusively in the UK by Rustins, and can be purchased from high street retailers and DIY shops, or online through the Rustins Amazon store.

Examples of Sylglas™ Flashing Tape applications from the early 1990's, still in service. (photographed in 2024)
